

## **DHANLAXMI BANK LIMITED**

### **CITIZEN CHARTER**

#### **• Preface**

We, at Dhanlaxmi Bank, firmly believe that the ability of the banking industry to achieve the socio-economic objectives and to bring in more and more customers into its fold will ultimately depend on the satisfaction of the customers. We strongly believe that a satisfied customer is the key factor in expanding our business.

A need has been felt by us that, in order to become more customer friendly, the Bank should come out with a charter of its services to the customers. Citizens' Charter concept was considered as a base instrument to fill this need and accordingly this document has been prepared. This document was made in consultation with the users and highlights the Bank's commitment towards customer satisfaction, thus ensuring accountability and responsibility amongst its officials and staff. This charter not only explains our commitment and responsibilities along with the redressal methods but also specifies the obligation on the part of customers for healthy practices in customer-banker relationships.

This is not a legal document specifying rights and obligations. The charter has been prepared to promote fair banking practices and to give information in respect of various activities relating to customer service.

We maintain constant consultations with our clientèle through various Seminars, Customer Meets, etc., to evaluate, improve and widen the range of service to customer. However, all our customers are requested to keep us apprised about their experiences on the various services rendered by the Bank and feel free to comment on this charter.

The cut off time for normal clearing as well as high value clearing is indicated on the face of each box and also available for public domain. Cheques deposited after the cut off time and in collection boxes outside the branch premises including off site ATMs will be presented in the next clearing cycle. As a policy, bank would give credit to the customer account on the same day clearing settlement takes place. Withdrawal of amounts so credited would be permitted as per the cheque return schedule of the clearing house. Wherever applicable, facility of high value clearing (same day credit) will be extended to customers.

Bank branches situated at centres where no clearing house exist would present local cheques on drawee banks across the counter and it would be the bank's endeavour to credit the proceeds at the earliest.

### Outstation cheques

Cheques drawn on other banks at outstation centres will normally be collected through Bank's branches at those centres. Where the Bank does not have a branch of its own the instrument would be directly sent for collection to the drawee bank or collected through a correspondent Bank. The Bank would also use the National Clearing Services offered by the Reserve Bank of India at centres where such collection services exist.

Cheques drawn on Bank's own branches at outstation centres will be collected using the Interbranch arrangements in vogue. Branches which are connected through a centralized processing arrangement and are offering anywhere banking services to its customers will provide same day credit to its customers in respect of outstation instruments drawn on any of its branches in the CBS network.

### Cheques payable in Foreign Countries

Cheques payable at foreign centres where the Bank has branch operations (or banking operations through a subsidiary, etc.) will be collected through that office. The services of Correspondent Banks will be utilized in country/centers where the correspondent has presence. Cheques drawn on foreign banks at centres where the Bank or its correspondents do not have direct presence will be sent direct to the drawee Bank with instructions to credit proceeds to the respective Nostro account of the Bank maintained with one of the Correspondent Banks.

The facility of immediate credit would also be made available in respect of local cheques at centres where no formal clearing house exist.

The facility of immediate credit will be offered on Savings Bank/Current/Cash Credit accounts of the customers. For extending this facility there will not be any separate stipulation of minimum balance in the account.

Under this policy, prepared instruments like demand drafts, interest/dividend warrants shall be treated on par with cheques.

#### Purchase of local / outstation cheques

Bank may, at its discretion, purchase local / outstation cheques tendered for collection at the specific request of the customer or as per prior arrangement. Besides satisfactory conduct of account, the standing of the drawer of the cheque will also be a factor considered while purchasing the cheque.

#### Time frame for collection of local / outstation cheques / instruments

As part of the implementation of Cheque Truncation System (CTS) based on the mandate from RBI/NPCI, Grid based CTS for Southern grid was introduced in our Bank during October 2011.

RBI/NPCI recently announced the discontinuance of local clearings at various locations and instructed us to migrate to CTS platform. We already implemented cheque shops in 58 Locations in Southern grid, 20 Locations in Northern and Western grid (including RPC,s) for CTS presentation.

In CTS, clearing branches are attached to a cheque shops mostly attached to a RPC, created at major centers or a single branch itself is designated as cheque shop where there are no other branches in the vicinity of it.

The branches attached to cheque shops have to send their clearing instruments to the respective cheque shops for presentation and these cheque shops will scan and present cheques. The customer account will be credited on the next day after the clearing (Return session) is completed.

The CTS clearing will help in speed clearance of cheques and thus customers will be able to get faster credit to their accounts. This will happen as the physical movement of cheques is minimized and time is saved and risk of loss of cheques in transit is also reduced.

Introduction of CTS clearing has reduced the processing OCC/OBC cheques in banks. As cheques can be presented from anywhere irrespective of the location the relevance of OCC/OBC has reduced.

#### Payment of interest for delayed Collection of of Outstation cheques

As part of the compensation policy of the Bank, the bank will pay interest to its customer on the amount of collection instruments in case there is delay in giving credit beyond the time period mentioned above. Such interest shall be paid without any demand from customers in all types of accounts. There shall be no distinction between instruments drawn on the bank's own branches or on other banks for the purpose of payment of interest on delayed collection.

Interest for delayed collection shall be paid at the following rates:

- a) Savings Bank rate for the period of delay beyond 7/10/14 days as the case may be in collection of outstation cheques.
- b) Where the delay is beyond 14 days interest will be paid at the rate applicable to for term deposit for the respective period.
- c) In case of extraordinary delay, i.e. delays exceeding 90 days interest will be paid at the rate of 2% above the corresponding Term Deposit rate.
- d) In the event the proceeds of cheque under collection was to be credited to an overdraft/loan account of the customer, interest will be paid at the rate applicable to the loan account. For extraordinary delays, interest will be paid at the rate of 2% above the rate applicable to the loan account.

It may be noted that interest payment as given above would be applicable only for instruments sent for collection within India.

#### Cheques / Instruments lost in transit / in clearing process or at paying bank's branch:

In the event a cheque or an instrument accepted for collection is lost in transit or in the clearing process or at the paying bank's branch, the bank shall immediately on coming to know of the loss, bring the same to the notice of the account holder so that the account holder can inform the drawer to record stop payment and also take care that cheques, if any, issued by him / her are not dishonoured due to non-credit of the amount of the lost cheques / instruments. The bank would provide all assistance to the customer to obtain a duplicate instrument from the drawer of the cheque.

In line with the compensation policy of the bank, the bank will compensate the account holder in respect of instruments lost in transit in the following way:

- a) In case intimation regarding loss of instrument is conveyed to the customer beyond the time limit stipulated for collection (7/10/14 days as the case may be) interest will be paid for the period exceeding the stipulated collection period at the rates specified above.
- b) In addition, bank will pay interest on the amount of the cheque for a further period of 15 days at Savings Bank rate to provide for likely further delay in obtaining duplicate cheque/instrument and collection thereof.
- c) The bank would also compensate the customer for any reasonable charges he/she incurs in getting duplicate cheque/instrument upon production of receipt, in the event the instrument is to be obtained from a bank/ institution who would charge a fee for issue of duplicate instrument.
